Vision Screening Partnership

September 15, 2017

(Youngstown, OH) –

"The partnership with these groups truly defines community impact," said Bob Hannon, President of United Way of Youngstown and Mahoning Valley, "We want our children to succeed in the classroom, and sometimes they face various barriers including not being able to see the board in the front of the classroom. Many of our families can't get to the eye doctor, so this is where we step in and work with the right partners to truly impact the students."
