

MURANSKY COMPANIES BASS CLASSIC

*Fundraiser to support United Way of
Youngstown and the Mahoning Valley*

2022 Muransky Companies Bass Classic

By Steven Logan, Director of Marketing

The United Way of Youngstown and the Mahoning Valley and the Bass Classic Committee invite you to participate this year in the Muransky Companies Bass Classic on Saturday, June 4, 2022.

Our emphasis for the '22 Muransky Companies Bass Classic is first and foremost on the health and safety of all the anglers, volunteers and staff as we collaborate to raise money for the United Way of Youngstown and the Mahoning Valley. Our 22nd Bass Classic will again provide an exclusive opportunity for our tournament anglers to fish on two of Ohio's best bass lakes, Pine and Evans. In keeping with our health and safety objectives, we will be scoring the Bass Classic the same way we did last year. We have developed this system in consultation with a health-care professional who is a long-time competitor in the Bass Classic. We feel it is best to follow this system again this year.

On the back you will read how we will weigh-in this year. This fundraiser is vital to the United Way, and helps us maintain our services. The last 2 years have been difficult for everyone, and we stepped up to help those in need during these unprecedented times. We hope you will consider joining us this year for our annual Muransky Companies Bass Classic to help us RISE UP to build a stronger community.

\$350 AMATEUR

You can send in your registration form via mail to:

255 Watt St.
Youngstown, OH 44505

Or register and pay online at:
www.ymvunitedway.org

2022 OVERVIEW

- Traditional 5-Bass Limit — The '22 Bass Classic will be a best-5-fish tournament. Teams will keep their best five bass (12-inch minimum size) to be weighed and recorded at the conclusion of fishing. More on this in a moment. Big bass pro and big bass amateur for each lake will still be awarded. An additional fish (#6) may be kept in the live well if it is the amateur's big bass and that big bass is smaller than any of the pro's fish.
- Weighing and Scoring — Each team will be assigned a partner team for weighing and scoring. At the conclusion of fishing, each boat will make its way to the launch ramp area and meet up with their partner team. Partner teams will weigh each other's fish and record the weights. For example, Team A will weigh Team B's fish and record the weights on the scorecard provided by the tournament committee. Then Team B will weigh Team A's bass and record the weights on the scorecard. Each partner team will initial the scorecards to confirm and validate the weights. Each team will turn in the scorecard of its partner team to the official scorekeepers on the dock at their respective competition lake. Scorekeepers will then enter in all scorecard weights on the online ActionTally scoreboard where the official results will be posted.
- Official Scales — All weighing of bass must be done on MLF-style Brecknell digital scale. It is the responsibility of each competition team to provide its own Brecknell scale, or borrow the Brecknell scale from another competitor team.
- While it is impossible to predict the scope of the COVID-19 pandemic for our June 4 tournament date, our health-care professional angler consultant advises that masks and social distancing precautions may be included in our event if it is necessary at the time.

FALL RALLY PLANNED

We will also host a rally like what we did in 2021 this fall. Details coming soon.
